

EURO PM2023

CONGRESS & EXHIBITION

FIRST ANNOUNCEMENT

**EURO POWDER
METALLURGY
Congress & Exhibition
1 - 4 October 2023
Lisbon, Portugal**

europm2023.com

A World Class Technical Programme

An expected 350 oral and poster papers will define the latest developments in Powder Metallurgy (PM) over three full days of plenary presentations and special interest seminars. In addition there will be market reviews from global specialists and workshops on essential issues.

The programme of plenary, keynote, oral and poster presentations will focus on all aspects of PM:

- Powder Production
- Consolidation Technologies: Compaction and Sintering, MIM, HIP, Field Assisted Sintering Technologies, AM Beam Based Technologies, AM Sinter Based Technologies and other Consolidation Technologies
- Materials: Ferrous Materials, Non Ferrous Materials, Light Materials, High Temperature Materials, Functional Materials, Hardmetals and cermets, Ultrahard Materials and other Materials
- Applications: Biomedical, Aerospace, Automotive, Energy, Tooling and other Applications
- Tools for improving PM: Test & Evaluation, Secondary Operations, Design & Modelling, Sustainability Life Cycle Analysis, Health and Safety, Digitization and other Tools for improving PM

If you are interested to submit an abstract to Euro PM2023 Congress & Exhibition, the Call for Papers will be going out on 09 November 2022, with all abstract's due on or before 18 January 2023.

Euro PM2023 Exhibition

The Euro PM2023 Exhibition will be a real showcase for the technology and capability of the global PM industry. Ensure your company and products receive the exposure they deserve at the world's most influential PM event.

More information about exhibition will be available soon on our Congress & Exhibition website: www.europm2023.com/exhibition. Exhibition stands are sold on a first come, first served basis and subject to availability.

Why you Should Attend Euro PM2023 Congress & Exhibition

The Powder Metallurgy European Congress is held in Europe every years and is therefore an essential destination for the international PM community to meet its suppliers, producers and end-users and to discover the latest innovations in the state-of-the-art PM technology.

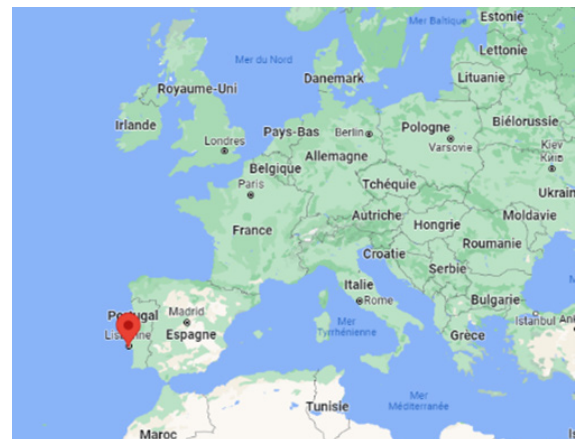

- Outstanding plenary presentations and Keynote papers on important strategic issues
- Three days Technical Programme covering all aspects of PM.
- Special Interest Seminars focusing on innovation, trends and markets. Networking opportunities – discuss future business potential with suppliers and end-users.
- Euro PM Exhibition – see the latest developments from the global PM supply chain.

Location

Lisbon is the capital and largest city in Portugal. It is Europe's westernmost capital city and the only one along the Atlantic coast.

It is one of the oldest cities in the world, and the second oldest European capital city (after Athens), predating other modern Europeans capitals by centuries.

Today, Lisbon (Lisboa) is recognised as a global city, well known as a centre for finance, commerce, media, arts, entertainment international trade, education and tourism.

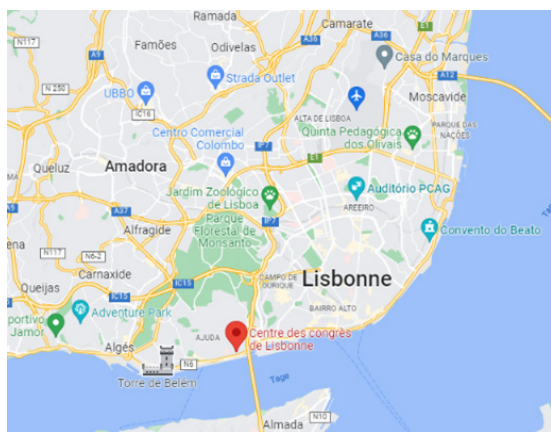

Venue

Europe's annual Powder Metallurgy Congress and exhibition is set to make its first visit to Portugal in 2023 and is being held at the Lisbon Congress Centre (CCL) : a modern purpose built venue.

The Congress Centre is located close to the river Tagus and the historical and cultural heritage of Belem, just a few minutes from the city center, in a prime area with a vast transport supply.

Quick and easy access

- 20 minutes from the city centre by public transport
- 25 minutes from the Lisbon train station
- 15 minutes from the Lisbon International Airport

Congress Organisers

Euro PM2023 is organised and sponsored by the European Powder Metallurgy Association (EPMA) and in co-operation with key members from the PM community in France.
